

Chronicle CED Module

Chronicle Conducted Energy Device (CED) Module is a unique CED training management system designed in collaboration with police officers to encompass all aspects of training for Specially Trained Officers across a force, collaboration or region.

Linked to the standardised national curriculum, Chronicle CED captures all the information required to assist your force in evidencing compliance and training for your Specially Trained Officers to maintain authority to carry CED. You can record training, inform your workforce training plan, improve efficiency and reduce absenteeism from courses. As with our Firearms Module, the CED module will assist forces in demonstrating compliance with the College of Policing CED licensing process.

When linked to the Chronicle Armoury System, the CED module will allow you to monitor all issue, return and maintenance of CEDs across your force, collaboration or region ensuring CEDs can only be accessed by authorised officers.

The integrated Use of Force form automatically feeds the quarterly NPoCC returns as well as providing a quality assurance workflow for supervisors thereby ensuring complete data is provided to NPoCC.

FEATURES AND BENEFITS GENERIC TO ALL CHRONICLE MODULES

Designed in collaboration with police officers	Tailored to meet the operational demands of your force, collaboration or region.
Robust audit trails	Provide fully auditable and accurate records for any investigation. Protect the individual and your organisation and reduce litigation risk as well as the ability to provide fast, cost-effective responses to FOI requests.
Available on Police ICT and G-Cloud procurement frameworks	Save tender costs and streamline the procurement process whilst reducing your procurement risk.
Feed critical capability & capacity data directly to NPoCC	Eliminate the need for spreadsheets and reduce the administrative burden. Save time and cost whilst providing accurate, real-time information.
Skills exporter and interfaces available	Save time and cost by eliminating double-keying and ensuring data is consistent across systems. Link skills to duties to ensure you have the right people with the right skills in the right place.

FEATURES AND BENEFITS SPECIFIC TO THE CHRONICLE CED MODULE

<p>Instant 24/7 overview of currently competent STOs linked to individual role profile</p>	<p>Instantly view capacity and capability across your entire force or collaboration to assist in operational and training planning.</p> <p>Allow for identification of future training needs based on accurate data.</p> <p>Save money by providing only necessary training to those that require it in order to remain authorised or those that require remedial action.</p>
<p>Notification of expiring licences sent to officers and other nominated recipients</p>	<p>Reduce individual and organisational risk by ensuring all STOs remain legally and occupationally competent to safely carry CED for your force.</p> <p>Increase public safety by ensuring all deployed officers are competent and remain authorised to carry CED.</p> <p>Reduce cost by ensuring you train only officers who need training.</p> <p>Ensure maximum effective deployable workforce by ensuring officers remain competent.</p> <p>Refresher courses can be planned to ensure STOs authority is maintained without a break.</p>
<p>Easy view training calendar for all courses and refreshers</p>	<p>Ensure appropriate trainer allocation for all courses and refreshers.</p> <p>Highlight whether trainers, venues or students are double booked ensuring efficient use of resources.</p> <p>Easily plan and view all courses and refresher periods.</p>
<p>Automatic calendar notification system</p>	<p>Automatically send joining and pre-read instructions to maximise attendance and success.</p> <p>Automatically sends a reminder of a forthcoming event, to the student.</p> <p>Allow resource management units to place students on published courses and refreshers to enable them to maintain operational cover and compliance.</p>
<p>Configurable role profiles</p>	<p>Ensure compliance with National Role Profiles.</p> <p>Ensure compliance with local or regional STRA role profiles.</p> <p>Easily amend or add new role profiles according to local, regional or national requirements.</p>
<p>Training analysis</p>	<p>See how many training events you have delivered over a period of time.</p> <p>Analyse pass and failure rates by various criteria.</p> <p>Provide accurate training delivery data for internal review and FOI requests.</p>
<p>Record Instructor CPD</p>	<p>Ensure regulatory compliance.</p> <p>Protect forces reputation by ensuring training is delivered by competent instructors.</p>
<p>Maintenance and Service Scheduling</p>	<p>General servicing and maintenance of CED and equipment can be created to ensure that equipment remains safe to use.</p> <p>Automated notifications can be set to alert when services are required.</p>
<p>Use of Force</p>	<p>CED Module can be used with UOF cross module to directly enter data into Chronicle system that can be quality assured and checked to ensure high quality reporting of CED use.</p> <p>Can be used to identify common issues or methods of use relating to CED that can be fed into training programmes.</p> <p>Produce high quality reports based on CED use to assist future deployment or further expansion.</p>
